

Dear [Representative/Senator Name],

I write to you as both your constituent and a citizen deeply concerned about the ongoing suffering of Palestinian children. While the ceasefire was an important step, the pitiful conditions Israel continues to impose on Palestinians whose land and lives they've destroyed is unacceptable. As a nation that claims to champion human dignity and freedom, we can no longer permit our silence or our support to sustain Israeli atrocities.

My Appeal to You

I urge you to uphold international and US law to protect Palestinian children by taking immediate, decisive steps to end U.S. complicity in their suffering. This includes:

- 1. Cutting Military Funding to the Israeli Military**

Cease the flow of resources that enable the harming and killing of innocent Palestinian civilians, especially children.

- 2. Enforcing International & US Law**

Hold Israel accountable for violating the UN Convention

on the Rights of the Child, the Leahy Law, and others.

3. Leading by Example

Use your influence to restore human rights as a guiding principle of U.S. foreign policy—so that we do not stand on the wrong side of history.

I ask you to be a champion of justice, to uphold the ideals we value as Americans, and to ensure that no child, anywhere, is ever a target.

Thank you for your time. I look forward to your response and to witnessing the impact of your leadership on behalf of those who cannot speak for themselves.

Sincerely,

[Your Name]
